SIXTH YEAR

COLUMBIA, MISSOURI, MONDAY, MAY 18, 1914.

NUMBER 196

JOURNALISM WEEK IS FORMALLY OPENED

Meeting of Past Presidents Is
First Event of
Proceedings.

DOROTHY DIX TONIGHT

Secretary of State Hodges of
Arkansas Also to
Speak.

When the meeting of Past Presidents of the Missouri Press Association convened at 4 o'clock this afternoon in the dean's office in Switzer Hall, the fifth annual Journalism Week at the University of Missouri officially opened. Fourteen former presidents were in attendance.

After a short session, the meeting adjourned to the home of E. W. Stephens, president of the Past Presidents' Association, where the annual dinner was served at 5:30 o'clock.

The first address of the week will be given at 8 o'clock tonight in the University Auditorium. Mrs. Elizabeth Meriwether Gilmer (Dorothy Dix), special writer for the New York Evening Journal and one of the best known newspaper women in the country, has been selected to make the first address. She will discuss the press and its relation to the feminist movement. This should be especially timely, as the Missouri Equal Suffrage Association is in session at the University today and tomorrow.

Arkansas Official Also.
Mrs. Gilmer will be followed by Earle W. Hodges, secretary of state in Arkansas. Mr. Hodges also is secretary of the Arkansas Press Association. He has been renominated for secretary of state by the largest vote ever given a candidate for that office when opposed.

Preparations are being made for the long-distance talk that Colonel W. R. Nelson, editor and owner of the Kansas City Star, is to make tomorrow night. It would not be correct to say that he will speak in the University Auditorium, for he is not coming to Columbia. The audience, however, will be in the University Auditorium and will hear the address with just as much distinctness as if the speaker were on the platform.

This will be made possible by means of the big magnifier or transmitter that was installed in the auditorium today by the Bell Telephone Company and the Columbia Telephone Company. The address should be well worth while hearing, aside from its novelty, for Colonel Nelson is noted as an authority on newspaper matters.

Visitors Already Arriving.

Switzer Hall is one of the busiest places around the University of Missouri today. Editors and just ordinary newspaper men and in some cases their wives and families—are arriving on every train. Beribboned journalism students are on the jump to see that all the guests are taken care of.

Visitors who have registered at Switzer Hall are: C. J. Blackburn, Blackburn Record; Mr. and Mrs. C. A. Brakeman, Gower Enterprise; W. T. Stickney, Webb City Sentinel; Earle W. Hodges, Secretary of State of Arkansas; Frank LeRoy Blanchard, editor of The Editor and Publisher and Journalist; Miss Alice Mary Kimball of Chillicothe, representing the St. Joseph Gazette and the Springfield Republican; R. B. Herbert of Chicago, editor of the National Printer-Journalist; A. L. McGuire, Laredo Tribune; Miss Malvina Lindsay, Kansas City Post; Will H. V. M. C. A. CARDS FOR VISITORS

Journalism Week guests to have Privileges of Members.

The V. M. C. A. of the University will issue tickets to the visitors here for Journalism Week, entitling the holders to all the privileges of membership during this week. The idea was received from the V. M. C. A. of the University of Texas, where it has been very successful.

This week is the first time the V. M. C. A. here has tried the policy.

Hereafter it will be followed at Commencement, high school days, farmers' week, and other days or weeks when there are many visitors in Columbia. "We want all visitors to feel free to visit and use the V. M. C. A. Building this week and during Commencement," said J. S. Moore, general secretary of the V. M. C. A.

EXTRA PRESSES RUN TO GET OUT SAVITAR

Efforts Being Made to Have
1914 Annual Ready by
May 25.

450 PAGES THIS YEAR

Printing of Year Book Done
Both in St. Louis and
Columbia.

The 1914 Savitar, when it is completed, will have been printed in St. Louis and in Columbia. The editions de-lux will have had work done on them twice in St. Louis and twice here. The photographic page, which is opposite the dedication page, was done in St. Louis by a lithographing company. The impressions from the steel plate had to be made there, as no work of that kind is done in Columbia. The bold burnishing on the editions de-lux will be done in St. Louis. The copies of this edition will have to be sent to St. Louis by express. They will be completed here in the bindery department of the Stephens Publishing Company.

The 1914 Savitar will be fifty-four pages larger than last year. Rex Magee, editor-in-chief, says this increase in the number of pages necessitated the \$2.50 price per copy. In addition to the fifty-four-page increase, there will be seven two-color inserts and one three-color insert. There were 296 pages in last year's book. This year the Savitar will have 450 pages.

Late Pictures Rushed Into Book.

The 1914 Savitar should be ready by May 25. An extra press was put into operation today at the Stephens Publishing Company. Two presses are kept busy daily in an attempt to turn out the University of Missouri annual on time.

May Day scenes, snapshots of High School Day events and of the Ames-Missouri track meet will appear in the Savitar this year. These pictures were rushed out promptly and the sections of the book which will include them have gone to press.

The "making up" of the dummy, by the editorial force, was completed last week. About twenty-five cuts, most of which will be used in advertisements, are left over because of lack of space.

There are four special features in the book this year. One is an illustrated history of the University of Missouri. This is appropriate, as the seventy-fifth anniversary of the University will be celebrated Commencement Week.

Art Work Being Featured.

The art work is another feature. Monte Crews, the magazine illustrator, drew four sketches picturing different phases of University life. Fred Shoop has two full-page drawings.

Lewis Long has a drawing for a sectional heading and some sketch work. Miss Gladys Wheat illustrated the department, "Organizations." Miss Christine Spencer drew the sectional headings for fraternities and for sororities.

The athletic section is being featured. Forty pages, eight more than last year, have been devoted to athletics. There is a picture of McWilliams kicking the field goal that won the Kansas game.

Organization Moves to Stop Chi-chi-ing Next Fall.

Lawrence H. Gray, a junior in the School of Law, was elected president of the Student Senate for the ensuing year at the last regular meeting of the Senate.

A freshman mass meeting is to be called by the Student Senate in regard to the restriction of promiscuous chi-chi-ing next year. The regulations regarding chi-chi-ing adopted by the Student Council, the Student Senate, and the representatives of the sophomore class in joint session last fall are to be printed and posted on the bulletin boards before school opens in September.

The first meeting of the Senate next year will be on the first day of registration, September 14, and will then take what actions are necessary to stop promiscuous chi-chi-ing.

MAYOR INTO STRIKE

W. P. Moore Tries to Bring Workers and Company Together.

A committee of five strikers, headed by C. P. Douglass, called on Mayor W. P. Moore this morning to consider a new plan proposed by the mayor.

The plan is for the strikers to draw up a resolution embodying their demands. The mayor will then appoint one man from the strikers and one man to represent the Hamilton-Brown Shoe Co., and these men will try to come to an agreement.

Some of the local merchants, who are dependent on the trade of the strikers, are anxious to have a settlement made. The mayor feels that each side owes it to the city to come to an agreement as soon as possible.

WHAT AUTHORITY HAVE HUERTA'S MEN?

Is Center of Interest Since
Progress of Mediation
Depends Upon it.

M E E T WEDNESDAY

Vengeance for Private Parks' Death Promised—Rebels Closing in on Saltillo.

By United Press.
WASHINGTON, D. C., May 18.—If Huerta's commissioners have been given absolute power to consider plans, even to those considering his elimination, then the progress of mediation will be speedy. If, however, they have to report everything back to Huerta, officials concede that the discussion will be lengthy and perhaps futile.

It is believed that the mediators are ready to discuss the entire situation at once. Preparations at Niagara Falls for the mediation conference are continuing and the American commissioners are ready to leave for there. The session will convene Wednesday.

Huerta's secretary of foreign affairs promised to punish the murderers of private Parks if it is shown that he was killed within the Federal lines at Vera Cruz, according to a report of the Brazilian minister to the State Department.

Another cargo of German ammunition is due to arrive at Puerto, Mexico today on the German liner, Bavaria. It is not expected to be landed as officials of the line have assured the State Department that the cargo will be returned to Hamburg.

RIO, MEXICO, May 18.—Villa has established a temporary base for the constitutionalists here ten miles north of Saltillo. The waterworks in East Saltillo are reported to be in rebel control and it is believed that Villa will direct the final assault on the city from this point.

The main forces of the constitutionalists encountered vigorous opposition at Flora last night. A hot fire from the Federal artillery was poured into the rebel ranks. The constitutionalist cavalry tried to reach Federal rear but were discovered. The Huertistas then retreated toward Saltillo.

A general assault on Saltillo and fighting along the whole constitutionalist line will probably begin tonight or tomorrow. Reconnoitering expeditions had almost hourly encounters all last night.

RUNAWAY GIRL COMES HERE

Police, a Junior and Long Distance Play Parts in "Drama."

Beniah Fickel ran away from her home in Brookfield last Friday night and came to Columbia. She arrived here early Saturday morning and called up a junior in the School of Engineering, whom she has known all her life. They were together most of the day. That afternoon Chief of Police Whitesides received a long distance telephone message from the girl's mother, asking that the student be arrested for enticing the girl to Columbia.

The girl told the police the young man had nothing to do with her coming to Columbia and that the first he knew of it was when she telephoned to him that morning.

The girl's mother arrived that night. After much persuasion she withdrew her charge. The mother and daughter returned to their home in Brookfield. Miss Fickel formerly lived in Columbia.

ROSENTHAL'S WIFE TAKES STAND

Widow of Slain Gambler Tells of Husband's Relations With Becker.

By United Press.
NEW YORK, May 18.—Mrs. Herman Rosenthal, widow of the slain gambler, today gave in detail the association between her husband and Lieutenant Becker. She told of Becker's raids on Rosenthal's gambling house and how, when she protested, Becker said: "Hush, it was either Herman or me."

The widow gazed directly at the defendant during her testimony. Becker returned the gaze unmoved.

Charles Plitt, Jr., Becker's press agent and former friend, testified that Becker told him if anything happened he wanted him "to kill that damn squealing Rose." He swore that the day before Rosenthal was shot Becker warned him to keep away from Times Square that night explaining, "get an alibi; you'll know why tomorrow."
